

Full circle

Things don't really go to plan, and that's fine.

- Came to Germany on a motorbike with a rucksack
- Planned for 14 months
- 14 months became 20+ years
- House, family, career, life

What I learned

You don't need a perfect plan

- Most opportunities started before I felt ready
- Confidence comes after action
- Say yes to opportunities
- Figure things out as you go
- Keep moving forward
