

Priorities changed

Breaking point

- Young family
 - Wasn't just about me anymore
- Current situation a was no longer sustainable
- Partner's job is not flexible/family-friendly
- Needed balance and more stability
- Something had to change

Finding MPI-IS

I'd never done web development

- Found MPI position → 200m from home
- Didn't really fit the profile,
- Applied anyway
 - Figured it out as I went
- Leaving Integral was hard/emotional
