

How I ended up at SCO

Not planned, but it worked out

- **Short version:**
 - Needed a change
 - Young family + priorities changed
 - Applied at the MPI-IS
- Like most of my life → unplanned
- Opportunities appeared → I went with them

Early life

Learned early how to figure things out for myself

- Liverpool → Braunston
- School wasn't for me
- Not a straightforward upbringing
- Left home early
- No long-term plan
